

Welcome to the Club

FAN CLUB

Join in, be completely up to date,
and know more than
others: with the
fischertechnik
FAN CLUB.

And, of course, everything connected with it: the club card, the club magazine and everything involving fischertechnik. Any questions regarding fischertechnik? Or any tips and suggestions? The hotline is waiting to hear from you. The parts service can provide you with even the smallest component. Simply order the individual part shown in the pictured spare parts catalogue.

fischertechnik means ...

- a modern high-quality product - Made in Germany
- greatly appreciated by parents, teachers, and engineers
- all construction kits combine perfectly with one another
- quick and safe construction with no external aids
- easily comprehensible assembly instructions
- build load-bearing working models, and ... enjoy building and playing!
